

The Public Information Meeting on 2020 Redistricting began at 8:30 AM.

1 ATTENDANCE

County Board Supervisors present: Mary Schwalenberg, Mike Hofberger, Duaine Stillman, and Chair Alice Connors.

Others present: Todd Romenesko, County Administrator; Matt Payette, Business Systems Analyst and Communications Manager; Andy Hess, GIS Supervisor; Beth Hauser, County Clerk; and Patty Schreiber, City of Brillion Clerk.

2 SPECIAL BUSINESS

Calumet County held a public informational meeting regarding the 2020 Decennial Redistricting Process. Under Wis. Stat. § 59.10(3), all existing county district and ward lines are erased, and a county is able to draw new lines based on the results of the 2020 decennial census to reflect any population shifts over the last decade. This is a strictly non-partisan process which employs traditional concepts of redistricting including compactness, contiguity, and substantial equivalence of population. In addition, this redistricting process has nothing to do with state or federal legislative redistricting.

3 ADJOURNMENT

The meeting was adjourned at 9:15 AM.

Beth A. Hauser, Recording Secretary
